Answers

**Legal and ethical facts quiz**

What are these and why are they important?

- 1 The Digital Millennium Copyright Act (DMCA)
- 2 General Data Protection Regulation (GDPR)
- 3 Computer Misuse Act
- 4 The Hacker's Manifesto
- 5 Digital Rights Management (DRM)

Which aspect of law or ethics do you think they may relate to?

1. **The Digital Millennium Copyright Act**
A US law which makes it a crime to create software to remove copyright protection on digital content.
2. **General Data Protection Regulation (GDPR)**
Legislation protecting personal information of EU and EEA citizens by regulating how data is stored and managed and processed.
3. **Computer Misuse Act**
UK legislation which makes it a crime to access a computer without authorization.
4. **The Hacker's Manifesto**
A book which calls for open access to information and the removal of restrictions on sharing.
5. **Digital Rights Management (DRM)**
Software which allows publishers to limit access to digital content.
